RE: Recommendation of Westland's Performance

On behalf of East Side Ventilation Ltd., I would like to acknowledge the professional relationship we have with Westland Construction Ltd.

Over the past 5 years, Westland Construction Ltd. has completed numerous projects with us. In this time, I have found their staff to be well organized and very professional.

The site supervisors maintained a clean jobsite, enforced the safety program and provided quality workmanship. They were very cooperative and answered any questions we had.

The professionalism and support provided by your team contributes highly to our continued working relationship with you.

I can confidently recommend Westland Construction Ltd as a solid and reliable subcontractor and experts in their field.

Yours truly,

Marcel Labossiere
Project Manager
East Side Ventilation Ltd.
