MARLENE de MELO

Westland Construction Ltd
Unit 1 - 475 Dovercourt Drive
Winnipeg, MB

Dear Client:

Over the years I've had the opportunity to work with Westland Construction on many projects, including the recently completed interior renovations for NorWest Co-op Community Health at their Alexander location.

Westland is a progressive construction company that utilizes new technologies in their process, adhere to strict quality controls, and maintain a high level of personal service to their clients and the consultants they work with.

Westland continuously demonstrates a high level of commitment to their projects and clients always working diligently to ensure a successful project outcome.

Within this very competitive industry, Westland Construction delivers what they promise, on time and within the client's budget constraints. I would be very pleased to work again with Pete, Craig, Darryl and their team, and I have no reservations recommending them to future clients.

Sincerely,

Jamie Kozak
